# APPLIED DIPLOMA THESES

## INFORMATION FOR STUDENTS AND SUPERVISORS

### 1 PROGRAM ASSUMPTIONS:

- As part of their diploma thesis, the student cooperates with an external partner, for whom they solve a research or organizational problem.
- The external partner supports the student throughout the entire process of creating the diploma thesis, from gathering information and analyzing it to developing a solution.
- The supervisor supports the student with their experience and scientific knowledge.
- The creation of the diploma thesis is intended to combine the scientific potential of the University and the business potential of the Partner.

### 2 WHO IS THE PARTNER AND WHAT IS THEIR ROLE IN THE PROGRAM:

- Enterprises, Local Government Units, foundations, associations, and other entities whose area of activity or research and organizational problems fall within the specialization of the University and the Supervisor.
- The Partner grants access to knowledge, data, information, and documents necessary for the preparation of the diploma thesis and the solution of the research or organizational problem defined by the Partner.
- The Partner benefits from a technological, research, or organizational solution prepared by the Student for the issue they submitted.

### 3 CONDITIONS FOR A STUDENT TO JOIN THE PROGRAM:

- Any student of the Medical University of Wrocław who begins their final year of 1st and 2nd degree studies in the academic year 2024/2025 can join the program.
- Obtaining the Supervisor's consent to participate in the program and a declaration of cooperation with the Partner is required.
- It is necessary to obtain the Partner's acceptance for the selected diploma thesis topic, its scope, and the results that are to be produced as part of its creation.

### 4 GENERAL OPERATING SCHEME:

- The student declares willingness to join the program.
- The student obtains the Supervisor's consent to participate in the program.
- The student, in agreement with the Supervisor, chooses a diploma thesis topic from the available pool of topics proposed by Partners or proposes their own topic that can meet the needs of the Partner.
- The Partner declares willingness to cooperate with the student within the selected diploma thesis topic.
- Conclusion of a tripartite agreement between the Student, Partner, and University.
- Preparation of the diploma thesis by the Student.
- Diploma thesis defense and transfer of results to the Partner.
